

MEETING FOR FIELD SERVICE ORGANIZER

REMINDERS (See km 3/2015 pp. 3-6)

- A meeting for field service will last from **five to seven minutes**. However, when it follows another congregation meeting, it should be even shorter.
- Before ending the meeting with a brief prayer, all should know where and with whom they are going to work.
- Good preparation also includes obtaining territory *in advance*.
- Generally, the meeting will be handled as a discussion.
- Please periodically review km 3/2015 pp. 3-6.

DURING A MEETING FOR FIELD SERVICE, YOU MIGHT CONSIDER:

- A sample presentation from *Our [Meeting Workbook]*.
- A video about the ministry from jw.org.
- A certain aspect of a good presentation.
- An encouraging or instructive scripture that relates to the ministry.
- A local or published field service experience.
- Ministry-related information from *The Watchtower*.
- **Ministry-related information from the *Ministry School* book.**
- A feature of jw.org that can be used in the ministry.
- How to start a conversation with someone who may be encountered in your territory, such as an atheist, an evolutionist, or a [Muslim].
- How to respond to a specific potential conversation stopper.
- How to engage in a specific avenue of the ministry that some will be sharing in, such as the search work, telephone witnessing, public witnessing, return visits, or Bible studies.
- A reminder about safety, flexibility, good manners, having a positive attitude, or something similar.
